Another option is to have us prepare a custom form for you. Once you've finalized your artwork and you know which garments you'd like to order, we can make up a form that has all of your information all ready filled in, along with a description of the item(s) you're ordering and a black and white preview of your artwork (see the sample below). We will e-mail you a copy of the customized form and you can simply print a bunch out for your team and get them back to us.

Here is a sample of a custom order form that a client requested for her team. We'd be happy to make one up for you!
